Bringing Jewish and Arab Women Together: An Israeli Experience

Monday, November 16

Sears Recital Hall, 7:30 PM

Dr. Hertzog has worked to forge relationships and cooperation between Jewish and Arab women in Israel since the 1970's. In this talk, she will focus on her experiences with Anwar, a leadership group for Jewish and Arab women that began during the 2001 Intifada, a period when tensions between Arab and Jewish populations were at their peak.
